WORKFORCE SOLUTIONS FOR NORTH CENTRAL TEXAS WELCOMES THREE NEW BOARD MEMBERS

ARLINGTON, Texas – The Texas Workforce Commission has approved three new board members to serve on the Workforce Solutions for North Central Texas (WSNCT) Workforce Development Board (The Board).

Gary Henderson, President and CEO of United Way of Denton County, representing Community-Based Organizations; Dr. William King, Vice President and Provost of the new Collin College Technical Campus (opening Fall 2020), representing Education; and Ron Simmons, Chairman of Retirement Advisors of America, representing the Private Sector; will serve on behalf of all counties located within the WSNCT workforce development area.

“We are very fortunate to have extraordinary individuals serving on our Workforce Development Board who collectively represent the economic vitality and diverse range of opportunities found in our region,” said David Setzer, Executive Director of WSNCT. “The addition of Gary, Bill and Ron to our Board further strengthens our ability to build bridges between our services, businesses, education institutions and community partners to benefit today’s and tomorrow’s workforce.”

The Board oversees the planning, oversight, policy guidance and design of workforce development services across WSNCT’s 14-county workforce development area. The Board is one of 28 Workforce Development Boards in the State of Texas and is one of seven larger boards within Texas.

Workforce Board Members are leaders within their communities and are appointed by the Chief Elected Official of the county in which they reside or operate their business. Because businesses are the driving force within the economy, the Board is comprised largely of private business leaders. However, the Board includes representatives from other key partners within the workforce system, including economic development entities, labor, vocational rehabilitation, education and community organizations.

Workforce Solutions for North Central Texas is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. For the hearing impaired, call TDD 1-800-735-2989 or VOICE 1-800-735-2988. For more information, visit www.dfwjobs.com.
